Board meeting

This month's Board Meeting will be Wednesday March 16, 2016 at 7:00 p.m. in the conference room.

Office News

We are having a problem with non-running cars in the complex. We had a man from the City of Kettering come into the office about several cars he saw, and gave us 2 weeks to get them out of here, or have them repaired and licensed. So if you had a car tagged with a tow sticker it is because the City wants it out of

here. So if you have one of these cars and have not complied with the instruction on the sticker you are going to be towed.

This is a reminder there is no smoking in the hallways or laundry rooms in all the buildings. New No Smoking Signs have been put up on the bulletin Boards in all the buildings.

We are still having problems with Dogs in the buildings that are getting fleas, and bring them into the building, where people who do not even have pets are getting them in their units.

If you have a pet and it does get fleas you must get them treated, so they do not get so bad that they can get into other peoples units.

Happy St. Patrick's Day
