

Coach House Courier

February 1,

New resident

Coach House Manor would like to Welcome:
New owner
Nicholas Rudy 5660

Board meeting

This month's Board Meeting will be Thursday February 16, 2017 at 7:00 p.m. in the conference room.

Office News

We have had complaints that people are leaving trash setting out in hallways stinking up the hallways. Please leave your trash in your unit until you are ready to take it down to the dumpster.

We have had some problems with people parking in other people's carports when they think the owner is gone. Unless you have the owner's permission to park in their carport you cannot park there. They can have your car towed from their carport then you would have to pay to get it back.

Get well soon

Mary Luckritz 5645 has been very ill and we would like to let her know we are thinking of her and our prayers are with her.

Maintenance News

We are having all the inside hallways and laundry rooms painted. They also are painting the railings in the hallways, so please be careful when going out in hallway the railings might be wet.

Biman has put salt in the hallways for everyone to use to get out to your car safely if you leave before he gets in. However it has been reported that someone has thrown the salt all over one of the hallways. Please will everyone in the buildings help keep an eye out for this kind of behavior and report it to Charlene or Biman.

The small heaters in the laundry rooms must be kept on in the 2 bedroom laundry rooms. They were put in there because the laundry rooms in the 2 bedroom walls go to the outside and in the past we have had the water pipes freeze up and break. If you do not want your laundry room down please do not turn off the heaters.

This is another reminder of our website, if you would like to get on the site you can at:
